

OUR MISSION

Since the days of Figure, Morgans have been admired and sought after for their versatility, beauty, stamina and intelligence. If you thought you couldn't have a Morgan and the smooth ride of a gaited horse, we have great news! The Morgan Single-Footing Horse Association (MSFHA) is a recognized service organization of the American Morgan Horse Association (AMHA). MSFHA takes the position of promoting all Morgan types and disciplines, with particular emphasis and promotion of the inherent four beat gaits found within the present registry of the Morgan breed. We are committed to research, education and promotion of these Morgan horses due to their outstanding athletic abilities. We are fully affiliated with the AMHA as a service organization and serve our members as such. You, too, can be a part of something special!
